Your Email Address:

Can you Text?

How did you hear about FFF?

Information about the program: (Please take time to read and respond to each clause)

FFF is a Trap/Neuter/Return program staffed completely by volunteers. We can lend you traps and help you understand how to use them, but we do not have the ability to come trap the cats and take them to the vet for you. The caretaker of each cat will be the person responsible for the TNR process.

I can perform the TNR process

I cannot perform the TNR process

If you cannot perform the TNR process, please note compelling reason:

Note that compelling reasons may be taken into account for full TNR assistance as volunteer schedules allow. However, this option will slow down our ability to help considerably.

Thank you for caring for the Community Cats in Forsyth County and the surrounding areas!

Forgotten Felines of Forsyth
www.forgottenfelinesofforsyth.org

FFF does not advocate relocating cats, as this is often a very dangerous and unsuccessful endeavor for the cats. The cats must be allowed to return to the location at which they are trapped. Will the cats be welcome back at this location? YES NO

It is strongly recommended that the caretaker continue to feed the cats after returning them to their home. Will you be able to continue to feed them? YES NO

FFF does not have an adoption program. If you are caring for friendly cats and would like to find them homes, FFF may be able to provide information for other adoption programs in the area. Do you need information about how to find homes for friendly cats? YES NO

The cost for a spay/neuter/vaccine package is \$50 per cat. FFF is only able to offset the cost of this care by holding fundraisers and by donations from the public. Are you able to donate \$50 per cat? YES NO

If you answered NO to the above question, are you able to donate any amount toward the care of the cats?

If YES, what is the total dollar amount **per cat** that you can contribute?

Information about the cats:

Please provide the address where the cats are being fed and cared for (include City, State, and Zip):

Approximate number of cats in this colony: Adults _____ Kittens (under 3 mo.) _____

What time of day are the cats normally seen and fed?

Have you seen any cats that appear to be injured? If so, please describe injuries:

Is there any additional information that we need to know about this situation? If so, please describe below:

We will be in touch once your application has been reviewed and a volunteer is available to assist you.

Thank you for caring for the Community Cats in Forsyth County and the surrounding areas!
